Mr. Wm. Ken King, Jr.  
Operations Manager  
Midstate Environmental Services, LP  
P.O. Box 26180  
Corpus Christi, TX 78426-1180

Dear Mr. King:

In response to your request of November 1, 2004, the U.S. Environmental Protection Agency has determined that the Midstate Environmental Services facility (TCEQ ID #TXR000051227), Robstown, Texas is acceptable for the receipt of hazardous substances, pollutants, or contaminants (that are not Resource Conservation and Recovery Act hazardous waste) from Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) response actions. The facility's actual receipt of CERCLA waste must be in accordance with State and Federal requirements.

This determination is made pursuant to the requirements prescribed in 40 CFR §300.440 (58 Fed. Reg. 49200, 49215 - 49218 (September 22, 1993)), and is based upon communication with representatives of the Texas Commission on Environmental Quality. If conditions change, or if new information reveals violations exist, then the acceptability determination may be affected.

If you have any questions regarding this letter, please contact me at (214) 665-2282.

Sincerely yours,

A handwritten signature in black ink that reads "Ron Shannon".
